

Phase 1: Owner Tenant Setup [WEB PORTAL](#)

The initialization of the SaaS Tenant. The Owner creates the digital "Container" for the organization.

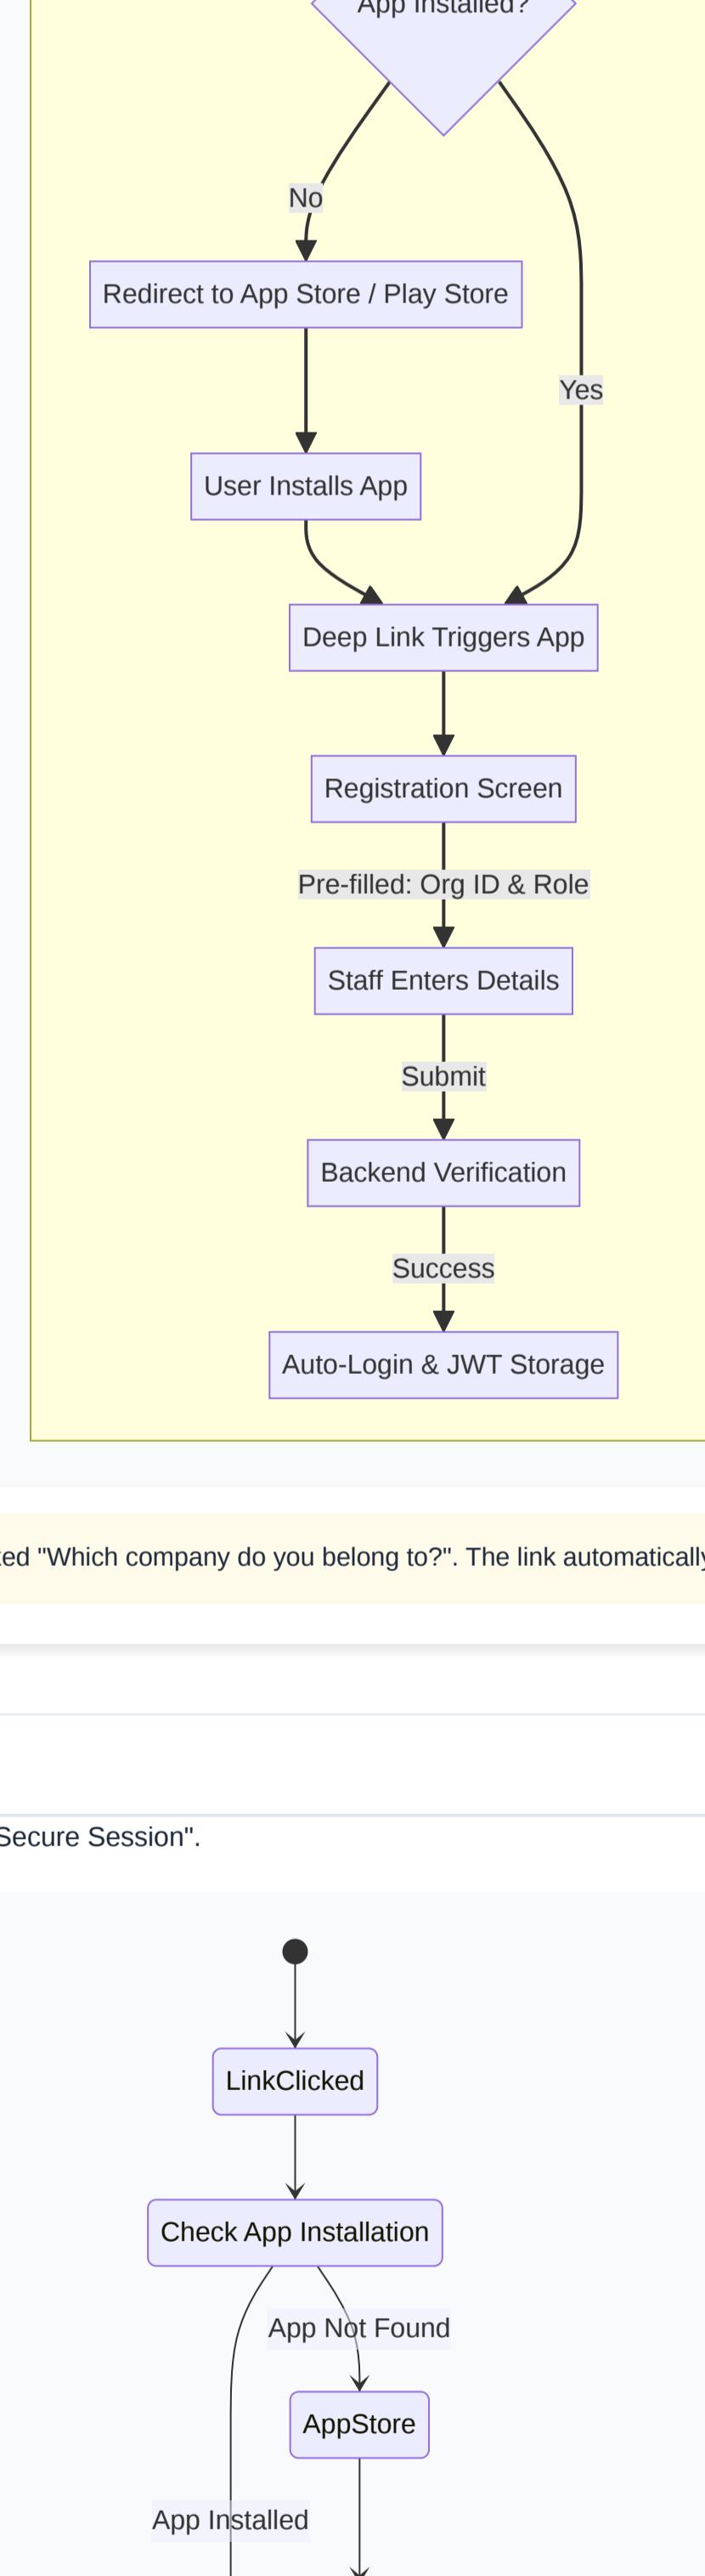

Phase 2: Manager Onboarding [WEB TO MOBILE](#)

Managers are key operational leaders. They are invited by the Owner via the Web Dashboard but onboard via the Mobile App.

Phase 3: Staff Onboarding [MOBILE TO MOBILE](#)

Strict Hierarchy: Staff are invited by Managers directly from the Manager's Mobile App.

Critical Flow: The Deep Link ensures the Staff member is never asked "Which company do you belong to?". The link automatically binds them to the Manager's Organization.

Universal Deep Link & Auth Logic

The technical logic handling the transition from "Clicking a Link" to "Secure Session".
